TERMS OF SALE:

Terms of all sales are considered to be cash. All animals must be signed for release.

HEALTH:

1. On all animals sold, health tests will be announced at the sale or printed in the sale catalog. It is understood that health papers reflect the condition of the animal at the time of the sale but carry no further guarantee as to the future health of the animal.
2. Buyers having special health requests or who wish to take cattle into states with specific and rigid health regulations should inquire specifically about the health test required for entry into their state prior to the sale.

PURCHASER'S RISK:

1. Each animal becomes the risk of the purchaser as soon as it is sold.
2. It is the responsibility of the purchaser to arrange all trucking for their purchase.

OPTIONS AND PRIVILEGES OF RETURN OR ADJUSTMENT:

1. All claims for adjustments or refunds must be made in writing either within six months of the date of the sale or no later than six months after the animal reaches 18 months of age, whichever occurs later.
2. In the event that an animal is claimed to be a nonbreeder, the animal must be returned to the farm of the seller in good condition and must have met the health requirements of the original seller's state. The seller shall be entitled to six months' trial following the return of the animal in which to prove that the animal is a breeder. The seller, at the option of the buyer, replace the animal with another of equal value or refund the total purchase price. The return of the purchase price shall in all cases be deemed as full settlement.
3. Any expense incurred in transporting the animal that is claimed to be a nonbreeder shall be the responsibility of the purchase except that the seller shall be responsible for transportation costs in the excess of the distance between the purchaser's farm and the location of the sale. If the seller proves the animal is a breeder, it shall be the obligation of the purchaser to take delivery of the animal pay all the expenses incurred for transportation.
4. It is the obligation of the purchaser and seller to negotiate any settlements on cattle that have not been properly represented at the sale. The selling of an animal constitutes a contract between the purchaser and seller, and it is not the responsibility nor the right of the Wichita Falls Production Bull Sale or the sale management firm to settle disagreements between purchasers and sellers of cattle that have not been properly represented.
